

# Sustainability...

I welcome you to the Second Annual Crossville Sustainability Fair. For Crossville to develop sustainably, we must meet the needs of those who live, work and shop in our community today without compromising the ability of future generations who will call Crossville and Cumberland County home home to do the same.

As you visit the demonstrations of our many Sustainability Fair Partners, I want you to think about how you can make some of what you learn today a part of your life and the life of our community.

Thank you for coming.

Sincerely,

Mayor J.H. Graham, III

*A Special Thank You to  
Crossville KMart*

## Achieving Our Vision
